is available on the website.  Dunmore Quarry Annual Review FY24.pdf		submission of the Annual review. These plans have been submitted to and approved				
		Annual Review was submitted and approved by DPHI. This has been distributed but is available on the website.				
Continuation of cohodulad anticomposite and italian was undertained		Dunmore Quarry Annual Review FY24.pdf				
Continuation of scrieduled environmental monitoring was undertaken.		Continuation of scheduled environmental monitoring was undertaken.				

MB has resigned so recruitment is in place for a new Environmental and Stakeholder advisor.

Complaint received regarding noise on the 14 January 2025. Identified not from the operations but pile driving from the construction of the hospital.

MOD13 preparations have commenced. Translocation of the vegetation is to be undertaken once vegetation removal starts so works being undertaken to make sure the requirements of the EPBC approval and translocation plan are being followed.

Assessment work continues on the establishment of the Biodiversity Stewardship Site

The real time air quality monitoring system is under trial.

Rehabilitation of offset areas continues, with a current focus on the treatment of Gorse Weed and the control of Lantana.

The majority of dust results were compliant and below the consent impact criteria.

There were some slightly elevated Insoluble Solids readings in December 2024 at 3 locations, however the Ash reading was low indicating organic matter was the main source of the material in the bottles.

**Next 6 Months.** Translocation of material to commence from RIC area to Translocation Areas in the next few months followed by extraction.

Clearing of Lantana at the Biodiversity Stewardship site to begin to allow access for survey of vegetation.

Review of trial for Real Time Air Quality monitoring system to be undertaken and finalised by June 2025.

Further maintenance on rehabilitation areas.

Recruitment of new Environment Advisor

## Approvals Summary (Kate Jackson)

Modification 13 was approved June 2024.

Federal EPBC Act approval has been obtained for 2 individual species(Illawarra Zieria and Illawarra Irene).

Management Plans have been updated to reflect Mod 13.

Preparation works being undertaken for establishment of Stewardship Site.

Preparation works being undertaken for Translocation Areas and extraction at RIC.

Stakeholder Engagement We have had two successful community sponsorship announcements with Gareth Ward MP attending both announcements.

Boral grant for Gerringong Community Garden

The community garden was established around six years ago with the bowling club giving them access along their boundary. The garden has doubled in size in recent years and the produce is shared amongst the volunteers. Our Dunmore team was very pleased to be donating \$500 over the next three years to the Gerringong community garden, it is a great local initiative and a wonderful way for the community to connect and meet new people.

Jamberoo Family Day and Car Show - October 2024

Boral was the major sponsor of the event and took a number of trucks along to be displayed including Boral's beautifully restored 1984 Mack R Model tipper, a new truck and dog to showcase Boral's proud 75 year history and a concrete agitator for the kids to sit in.

Proceeds raised were donated to the Jamberoo Rural Fire Service. The RFS is a very important part of the village and are usually the first responders for all local emergencies - not just fires but also road accidents and livestock rescues. Boral also gave the RFS a further \$500 voucher at their community open day.

General Business	AP raised that there has been no progress on work requiring completion on Croome Vale Road. EK and MB will set up a meeting with Council and work through what needs to be done in order for this road to be fixed.		
	Annual CCC report has been prepared and will distribute.		
Next Meeting	21 August 2025		
Meeting Close	17:14		

## **Action Items Arising From Meeting**

Action No.	Details	Responsibility	Due
1	Update CCC regarding any proposed future modifications to Dunmore Quarry (ongoing)	Elysse Kuhar	As Available
2	Roadworks and introduction of road signs have not commenced on Croome Vale Road, so a meeting is to be set up with AP, SM and MM to work out a solution.		Next CCC
